Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai-25  
(An ISO 9001:2015 Certified Institution)

## BEST PRACTICE - 2

### 1. TITLE OF THE PRACTICE

Nurturing Moral Values among the students.

### 1. OBJECTIVES OF THE PRACTICE

To establish and promote a culture within the institution that prioritizes ethical values. This encompasses integrating ethical considerations into the academic curriculum, developing clear codes of conduct, and providing continuous education for faculty, staff, and students. By monitoring and evaluating ethical practices, building partnerships, and promoting diversity and inclusion, the institution aspires to create an environment that not only adheres to high ethical standards but also prepares individuals to navigate complex ethical challenges in their personal and professional lives. The objective of "Nurturing Moral Values among the students" is to

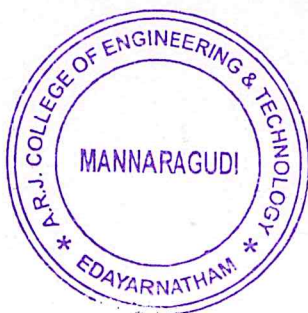

- Integrate ethical considerations into the academic curriculum.
- Develop and communicate clear codes of conduct and ethical guidelines.
- Make the institution a good place where people make good choices, care about others, and follow important values.
- Keep teaching everyone about caring for others and important values.

### 2. THE CONTEXT

A.R.J College of Engineering & Technology (ARJCET) encourages the students to participate in the activities that promote moral values about the social issues by volunteering through various activities like Blood donation, Tree plantations, election awareness, organ donation, dengue awareness, first aid camp, temple cleaning. Ethical and moral values are stressed to the students to form the foundation for their life. The students are exposed to the practice of helping others through various activities.

### 4. THE PRACTICE

In our institution we, strictly follows and adheres to the promotion of equality and propagation of ethical values to inculcate an atmosphere of inclusivity and sustainability. In the college, ethic activities have over the years helped to develop the moral values ailing the students. As a result, the institution has gained fame and popularity for its discipline, high moral standards of students and proper grooming of personality. In essence, these activities go beyond the academic realm, showcasing the institution's dedication to creating a positive impact on the community through practical initiatives that address specific needs and promote social engagement.

## 5. EVIDENCE OF SUCCESS

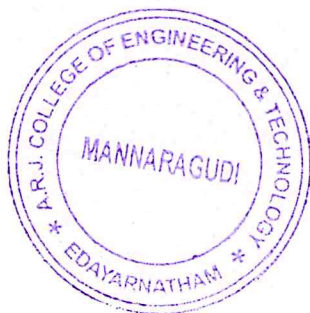

Encouraging our students to donate blood in emergencies calls is a commendable initiative that has the potential to save lives.

Through the tree plantations program, Hundreds of trees were planted inside the campus.

Through this valuable and volunteer service our students learn how to be compassionate and kind towards the society.

## 6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

- Time constraint is a major limitation to conduct various development programs.
- Creating awareness among rural folk remains a huge challenge due to lack of interest, cooperation and support, because they are highly resistant to new ideas/changes.
- Since the students are engaged throughout the day in class rooms, extra- curricular activities need to be conducted only after working hours.
- Students participated with zeal and enthusiasm in large numbers for such moral activities. It was observed that to arrange and assign tasks to such a large group of students was a challenge
